

Intermediate Petrochemicals Industries Company Limited

Intermediate Petrochemicals Industries Co. Ltd. Is a public Share holding company established in 1980. A unique industrial complex in the field of intermediate petrochemical industries was established with the assistance of several international chemical companies who participated in the know-How support at the company's start up.

The company started production in 1984 to cover part of the local and surrounding markets needs for the intermediate petrochemicals products and related chemical materials.

The company has eight plants (Industrial units) in addition to utilities units , built on a 67000 square meters land including 11000 square meters of covered steel structures , 5000 square meters of concrete buildings and 4800 cubic meters liquid bulk storage tank facilities.

These Plants are:-

- Plasticizers Plant
- Unsaturated Polyester Resins Plant
- Organic Peroxides Plant
- PVC Compounds Plant
- Color masterbatch, P.E. compounds plant
- Urea Formaldehyde & Phehnol Formaldehyde Resins Plant
- Organic Solvents Plant
- Fiberglass Reinforced Polyester Sheets FRP (Relon) Plant

Our good understanding of the changing markets needs and trends as well as the highly qualified staff have always been the reason to gain and maintain our customers trust.

Our Products

MONOMERIC PLASTICIZERS	FOR THE PRODUCTION OF FLEXIBLE PVC COMPOUNDS , PAINTS , TANNING AND ADHESIVES, AVAILABLE IN VARIOUS GRADES. (DOP, DBP, DIOP,DOA, DINP, DIDP)
UNSATURATED POLYESTERRESINS ORTHOPHTHALIC, ISO PHTHALIC AND HET ACID	FOR PRODUCTION OF RESINOUS MARBLE, SANTARY-WEAR, AND FIBERGLASS REINFORCED ARTICLES AND GEL-COAT ETC.
ORGANIC PEROXIDES	INTIATORS FOR UNSATURATED POLYESTER RESINS CURING AVAILABLE IN VARIOUS GRADES, (MEK-P,MIPK-P,SPEICAL PEROXIDES...ETC)
COLOR CONCENTRATES	FOR THE TINTING OF POLYESTER RESINS AND GEL-COAT
PVC COMPOUNDS POWER (DRY BLEND) GRANULES PASTE (PLASTESOL)	FOR PRODUCTION OF BOTTLES ,, CABLES, SHOES, IRRIGATION SHEETS, SYNTHETIC LEATHER, WINDOW PROFILES, SGUTTERS, PIPES, ELECTRICAL CONDUITS, CORRUGATED PIPS AND FITTINGS. PLASTISOL (LIQUID PVC COMPOUNDS) USED FOR CROWN LINING, AIR FILTERS, SYNTHETIC LEATHER AND KIDS TOYS.
P.V.C ONE PACK	MASTERBATCH BLENDS (ONE PACK) ADDITIVES FOR PVC CMPOUNDING APLICABLE FOR AWIDE RANGE OF P.V.C COMPOUNDS
P.V.C COLOR MASTERBATCHES	PELLETS OF DIFFERENT COLOURS FOR THE FLEXIBLE P.V.C COMPOUNDS INDUSTRY INCLUDING CABLES , SHOES, HOSES, SHEETS AND PROFILES
UREA FORMAL DEHYDE AND PHENOLIC RESINS	FOR PRODUCTION OF PLYWOOD, CHIPBOARDS, BLOCKBOARDS, ROCK-WOOL,SHELL SAND AND UREA PRILLS ANTICAKING
LOW AROMATIC SOLVANTS	FOR THE PRODUCTION OF PAINTS, ALKYDS, DRRMERS AND INSECTICIDES
FIBER GLASS REINFORCED POLYESTER SHEETS	DECORATIVE CALDDING AND ARGICULATURAL GREEN HOUSES, AVAILABLE IN VARIOUS PROFILES AND COLORS
P.O. MASTERBATCH , POLYETHYKENE FILLER AND P.P. COMPOUNDS	FOR THE COLROING OF P.E.,HDPE,P.P. AND P.S., P.E. FILLER AND P.P. COMPOUNDS ARE USED IN P.E FILM , RAFIA BAGS AND GRADEN FURNITURE
